

PRICE LIST

IVF	
Complete IVF cycle – PACKAGE 1A	1 970 EUR
Payment on the day of scheduling stimulation	300 EUR
Payment on the day of oocyte collection	1 190 EUR
Payment on the day of ET	480 EUR
Included: Consultation at the start of the IVF cycle, gynaecological examination, creating stimulation protocol, ultrasound controls during stimulation, sperm analysis, sperm preparation for IVF, oocyte collection, ICSI up to 10 oocytes, prolonged cultivation, ET incl. Echo-catheter, anaesthesia	
Not included: medication, STD	
Complete IVF cycle – PACKAGE 1B	3 120 EUR
Payment on the day of scheduling stimulation	1 450 EUR
Payment on the day of oocyte collection	1 190 EUR
Payment on the day of ET	480 EUR
Included: Consultation at the start of the IVF cycle, gynaecological examination, creating stimulation protocol, ultrasound controls during stimulation, sperm analysis, sperm preparation for IVF, oocyte collection, ICSI up to 10 oocytes, ET incl. Echo-catheter, prolonged cultivation, anaesthesia, medication 2250 IU	
Not included: STD	
Complete IVF cycle – PACKAGE 2A	2 550 EUR
Payment on the day of scheduling stimulation	300 EUR
Payment on the day of oocyte collection	1 550 EUR
Payment on the day of ET	700 EUR
Included: Consultation at the start of the IVF cycle, gynaecological examination, creating stimulation protocol, ultrasound controls during stimulation, sperm analysis, sperm preparation for IVF, oocyte collection, ICSI up to 10 oocytes, prolonged cultivation, Embryogluce, Time-lapse, assisted hatching, ET incl. Echo-catheter, anaesthesia, psychological consultation Hedepy	
Not included: STD, medication	
Complete IVF cycle – PACKAGE 2B	3 670 EUR
Payment on the day of scheduling stimulation	1 450 EUR
Payment on the day of oocyte collection	1 420 EUR
Payment on the day of ET	800 EUR
Included: Consultation at the start of the IVF cycle, gynaecological examination, creating stimulation protocol, ultrasound controls during stimulation, sperm analysis, sperm preparation for IVF, oocyte collection, ICSI up to 10 oocytes, prolonged cultivation, Embryogluce, Time-lapse, assisted hatching, ET incl. Echo-catheter, anaesthesia, medication 2250 IU, psychological consultation Hedepy	
Not included: STD	

Native IVF	720 EUR
Payment on the day of oocyte collection	400 EUR
Payment on the day of ET	320 EUR
Included: Consultation at the start of the IVF cycle, gynaecological examination, sperm analysis, sperm preparation for IVF, oocyte collection	
Not included: Anaesthesia, medication, STD	
IVF cycle – no oocytes retrieved	320 EUR
IVF cycle without ET	465 EUR
Kryoembryotransfer own frozen embryos (KET)	450 EUR
Included: consultation prior to frozen embryo transfer, ultrasound, thawing of embryos, Echo-catheter, recovery room	
Not included: medication	
DONOR PROGRAM with fresh donor eggs	
IVF cycle donor eggs - PACKAGE I.	4 460 EUR
Payment on the day of consultation (include: all administration of the donor)	200 EUR
Payment on the day of assigning the donor	1 960 EUR
Payment on the day of donors' oocyte collection	1 600 EUR
Payment on the day of ET	700 EUR
Included: Initial consultation, compensation, medical examination, anaesthesia and stationary for the donor; medication, co-ordination fee, ET incl. catheter, recovery room, sperm analysis, sperm vitrification, sperm preparation for ICSI up to 10 oocytes, prolonged cultivation of embryos	
Not included: Medication of the patient, vitrification + cryopreservation paid on the day of ET, STD	
Guarantee: at least 6 mature oocytes of the donor and later with 2 embryos suitable for transfer. Sufficient sperm quality (normozoospermia) required to meet this guarantee	
IVF cycle with donor eggs – synchronous cycles / fresh cycles - PACKAGE II.	4 900 EUR
Payment on the day of consultation (include: all administration of the donor)	200 EUR
Payment on the day of assigning the donor	2 000 EUR
Payment on the day of donors' oocyte collection	2 000 EUR
Payment on the day of ET	700 EUR
Included: Initial consultation, compensation, medical examination, anaesthesia and stationary for the donor; medication (donor), co-ordination fee, ET incl. catheter, stationary, sperm analysis, sperm vitrification, sperm preparation for ICSI up to 10 oocytes, prolonged cultivation of embryos, EmbryoGlue, Time-lapse, Assisted Hatching, psychological consultation Hedepy	
Not included: Medication of the patient, vitrification + cryopreservation paid on the day of ET, STD	
Guarantee: at least 6 mature oocytes of the donor and later with 2 embryos suitable for transfer. sufficient sperm quality (normozoospermia) required to meet this guarantee	
Kryoembryotransfer of donated frozen embryos (KET)	
1 embryo	1 400 EUR
2 embryos	2 100 EUR

ADDITIONAL LABORATORY METHODS AND PROCEDURES	
ICSI on single oocyte	150 EUR
ICSI up to 10 oocytes	320 EUR
ICSI to each oocyte exceeding 10	35 EUR
PICSI up to 10 oocytes (incl. ICSI)	450 EUR
Microfluidic Sperm Sorting	180 EUR
Assisted Hatching (regardless of the number of embryos)	185 EUR
Prolonged cultivation of embryos (over 48 hours)	280 EUR
Cryopreservation of sperm – slow freezing (storage not included)	200 EUR
Cryopreservation of tissue (storage not included)	300 EUR
Vitrification up to 2 embryos (storage not included)	300 EUR
Vitrification of each additional straw (added to cryopreservation)	80 EUR
Re-Cryo (included 1 straw, storage not included)	270 EUR
Vitrification of a single embryo in a single straw	
Charge for storage of cryopreserved material for each commenced year	100 EUR
Charge for storage of cryopreserved material with positive STD tests or without STD tests for each calendar year commenced	200 EUR
Export of samples from our centre - administration fee	100 EUR
Time-lapse (continuous embryo monitoring, consultation)	200 EUR
EmbryoGlue	200 EUR
Embryogen	200 EUR
Recovery room	15 EUR
SOCIAL FREEZING	
Social freezing – oocytes	1 800 EUR
Payment on the day of scheduling stimulation	500 EUR
Payment on the day of oocyte collection (OPU)	1 300 EUR
Included: consultation, stimulation protocol, STD, Ultrasound during the stimulation, oocyte collection, anaesthesia and recovery room, vitrification up to 2 straws including the storage for max. 5 years	
Not included: medication	
Vitrification of each additional straw including the storage for max. 5 years	80 EUR
Completion of the IVF cycle after Social freezing	1 000 EUR
Included: consultation to complete the IVF cycle, gynecological examination, spermogram, sperm preparation, ICSI up to 10 oocytes, prolonged cultivation, ET	
Not included: stationary, Echocatheter	

ADDITIONAL OUTPATIENT SERVICES	
Summary from medical records at their own request	60 EUR
Medication list (<u>not incl.</u> stimulation medication)	25 EUR
First consultation with gynecologist	0 EUR
Additional consultation with gynecologist / geneticist / urologist (personally, skype – 60 min)	100 EUR
Additional consultation with gynecologist / geneticist / urologist (personally, skype – 30 min)	50 EUR
Ultrasound control	35 EUR
STD blood testing (one test)	90 EUR
Guarantee for confirmation STD	70 EUR
AMH blood test	55 EUR
Hormonal profile	55 EUR
HyCoSy	110 EUR
RCUI (<u>not incl.</u> anaesthesia)	70 EUR
Infusion application	40 EUR
Insemination	200 EUR
Included: consultation, preparation of ejaculate and sperm analysis, insemination catheter	
Not included: ultrasound control and medication	
SURGICAL PROCEDURES	
Anaesthesia for men	200 EUR
Anaesthesia for women	165 EUR
Diagnostic hysteroscopy (<u>not incl.</u> anaesthesia)	220 EUR
Operative hysteroscopy (<u>not incl.</u> anaesthesia)	600 EUR
Mini ITPAbortion (inc. anaesthesia, recovery room)	400 EUR
Ovarian cyst puncture (incl. consultation, <u>not incl.</u> anaesthesia)	140 EUR
ANDROLOGY	
Complete Sperm analysis and Mar Test (interpretation)	95 EUR
Complete Sperm analysis	60 EUR
Urological examination	80 EUR
<u>incl.:</u> ultrasound control, examination with description, blood test, laboratory, hormone testing	
Mar Test	40 EUR
Immunocytochemical examination of tissues and ejaculate	150 EUR
Donor sperm sample	200 EUR
Test HBA	120 EUR
MESA/TESE (incl.: consultation, STD, <u>not incl.:</u> anaesthesia, recovery room)	1 000 EUR
Vasectomy	630 EUR
Payment on the day of consultation	210 EUR
Payment on the day of procedure	420 EUR

PREIMPLANTATION GENETIC DIAGNOSIS	
Biopsy of cells for PGT with no limit of number of embryos	430 EUR
Preimplantation diagnosis of 24 chromosomes (PGT-A, PGT-SR) by NGS method up to 4 embryos:	2 000 EUR
Preimplantation diagnosis of 24 chromosomes (PGT-A, PGT-SR) by NGS method of 5-8 embryos:	3 000 EUR
Preimplantation diagnosis of 24 chromosomes (PGT-A, PGT-SR) NGS method of each exceeding embryo	300 EUR
Preimplantation diagnosis of monogenic disease (by indirect genetic diagnosis – PGT-M).	
Method preparation, testing for the family (before 1st PGT cycle only)	500 EUR
PGT-M of embryos by PCR method	2 500 EUR
PGT-A of embryos recommended for transfer after PGT-M (price for each embryo)	300 EUR
PGT-M (karyomapping incl. PGT-A and PGT-SR) method preparation (paid only once)	1700 EUR
PGT-M (karyomapping incl. PGT-A and PGT-SR) 1 embryo	440 EUR
PGT-M (karyomapping incl. PGT-A and PGT-SR) direct mutation detection	700 EUR
Not incl.: biopsy, prolonged cultivation, AH	
AZF test	
	155 EUR
Thrombophilic Leiden mutation in the factor V gene	80 EUR
Thrombophilic mutation G20210A in the prothrombin gene	80 EUR
Thrombophilic mutations both (Leiden and prothrombin)	160 EUR
PRENATAL EXAMINATION	
Prenatal examination I	280 EUR
<u>incl.:</u> examination with description, blood test, laboratory, picture	
Prenatal examination II	95 EUR
<u>incl.:</u> examination with description, picture	
Ultrasound control	70 EUR
CVS or Amniocentesis	110 EUR
<u>incl.:</u> puncture testing	
Examination by a perinatologist	120 EUR
<u>incl.:</u> examination with description	
Fetal reduction	255 EUR
<u>not.incl.:</u> prenatal examination	

Endometrium Receptivity Array	
ERA-1 Basic price- Examination of the first patient sample (including interview, sampling including consultation with regard to the indication and the results of the examination, endometrial sampling pipeline, sampling kit, transport / postage)	1 100 EUR
ERA-2 Reduced price – Examination of the second sample from the same patient - applies in the case of a second pre-screening test if the outcome of the first sampling was "pre-receptive" or "post-receptive" (including interview, sampling including consultation with regard to indication and test results, Endometrial collection pipette, collection kit, shipping / postage)	900 EUR
ERA-3 Reduced price – A third and another samples from the same patient - is applied in the case of a third and subsequent examination if the outcome of the first sampling was "pre-receptive" or "post-receptive" (includes interview, sampling including consultation with regard to the indication and the results of the examination, Endometrium collection pipette, collection kit, shipping / postage)	700 EUR
EMMA	865 EUR
ALICE	530 EUR
EMITRIO EndomeTrio: ERA + EMMA + ALICE	1 370 EUR
Reprognostics test – 1 marker	340 EUR
Reprognostics test – 2 markers	450 EUR
Reprognostics test – 3 markers	560 EUR
Reprognostics transport	210 EUR
Immunohistochemical examination of the endometrium (difficulties with embryo implantation and recurrent pregnancy loss) – 1 marker (including sample transport)	125 EUR
Immunohistochemical examination of the endometrium (difficulties with embryo implantation and recurrent pregnancy loss) – 2 markers (including sample transport)	210 EUR
Immunohistochemical examination of the endometrium (difficulties with embryo implantation and recurrent pregnancy loss) – 3 markers (including sample transport)	300 EUR
